The Majestic Reading Servant of God 2009-01 The Quran "The Reading" is the message of the Creator to Mankind, and it confirms what passed before it and points to what is to come to Mankind, and confirms the guidance sent to Father Adam, Noah, Hud, Saleh, Father Abraham, Lot, Ishmael, Isaac, Jacob (aka Israel), Joseph, Shuaib, Moses, Aaron, King David, King Solomon, Imran, Zachariah, Mary, John (aka Yahya), Messiah Jesus and all other Messengers and Prophets of God. It adds nothing to Faith and Law that came in the unadulterated Torah and Bible (aka Injeel). It was sent to a man

called Mohammad who was illiterate, could not read or write a book, and was astray till God chose him and sent His Spirit Gabriel to turn him to the path. The revelation came down on Mohammad from the time he was chosen by God, and his subsequent expulsion from Mecca and fighting, and return to Mecca and the House, the Sanctified, in the Mosque (Church or Synagogue), the Sanctified (Kaaba and its surroundings) and the return of all that God wished to the control of His Messenger and the believers with him. After all this, God sent down His Spirit and Angels to finalize the Quran, ensure it was written, and delivered it to Mohammad and his followers in ten nights of ONE month of Ramadan at the time of the Contention (Hajj), the Great, to the House, the Old, in Jerusalem (circa 628 AD), they are referred to as the nights of measure better than a thousand months, in which all commands were decided upon by the Will of God. The Book in Arabic, which has 114 Chapters or "Surahs", appeared on Earth in the 7th century A.D. and cannot be changed because God protects it, it is the statement/narration of the Holy Spirit Gabriel, highest of the Messengers of God. In it speak to us many Messengers, and also Mohammad, and there are sayings for us to follow and repeat. Wherever you see the word "Say!" it is an order to Mohammad to say something, for us to listen, obey, understand and follow, and repeat where needed. Similarly, many other Messengers speak to us whom we need to listen, obey, understand and follow, and repeat where needed, and of course Gabriel, and we need to do the same for what he tells us by

Gods' command. God Himself speaks to us in it as well; you need to figure out where. Just because the Book is in Arabic gives NO supremacy to the Arabs, nor to any other race. It is for all Mankind and Demonkind and for any who want guidance from God. I have strived to translate it as best as God lets me, and I ask God for forgiveness where God has let me err. Read for yourselves and understand for your souls, no one can guide us except with the will of God, and every soul must choose to be guided before God guides her. The Quran can only be understood by those chosen by God Himself, and it will only be understood by those who are humble to the Unseen God. The English text cannot supersede the Arabic text, the text in Arabic are the living Words of God, and I mean "Alive". The Quran is a witness from God, just as the Torah is a witness from God from before, and soon Messiah Jesus will be a witness over us again, just like we are witnesses over each other and the Angel Messengers are witnesses over us, and God over everything Witnesses. The time approaches for Mankind's Judgment, but they wander around oblivious. Those who hold the Quran today and from their mouths they utter "We follow it" have destroyed the fabric of its meaning and commandments, and soon God will repay them "fully" for what they have perpetrated.

2017-11-17 Good writing begins with good reading. This book is written on the premise that students must embrace reading as a part of the full process of good writing. It may be used by classroom teachers (Grades 6-12) individually or collectively as members of a professional learning community, by pre-service teachers in a literacy course, or by other educators working to support literacy in the classroom.

Interdisciplinary discussions relate to all types or genres of reading and writing. This book offers practical lessons and ideas for teaching and motivating all learners using Universal Design for Learning principles. Formatting

provides additional ideas for challenged students, including students with special needs, accelerated learners, and English Language Learners, and is aligned with Common Core State Standards for content subjects as well as for language arts. It takes ideas that were formerly reserved for the upper echelon of students in English language arts and reformulates teaching approaches to reach students across the learning spectrum and in all disciplines. All teachers need to be involved in raising the literacy bar, and this book provides activities and strategies for use in the classroom that can promote success for all learners.
